TAILOR MADE HOLIDAYS

WITH SANDALS UNPRECEDENTED PERSONAL BUTLER SERVICE

IT'S SO EASY AND CAN BE DONE BEFORE GUESTS EVEN LEAVE HOME

Getting started

After making a Butler category booking at a Sandals or Beaches Resort, direct your clients to visit sandals.co.uk, select 'Butler Service' under 'the Sandals difference' tab, and register their booking. Once registered, your clients can return to the site and log on to their own personal page.

Here, guests will find a series of options that will guide their Butler in preparing their suite to perfection. From personal likes and dislikes, including specific dietary requirements, allergies or other healthcare preferences, we'll take special care to meet their needs.

Direct your clients to alert us to any special occasions, and their Butler will help to arrange an extra special evening. Or as part of your after sale service, ask clients to let us know their favourite cocktail, and they'll find it waiting for them in their room. **It's all part of the exclusive Sandals and Beaches Butler Service experience.**
