Sandals Grande Ocho Rios

BEACH & VILLA RESORT

Sandals Grande Ocho Rios Beach & Villa Resort is located on one of Jamaica's most sought-after stretches of coastline known as the Caribbean Riviera — with its endless alabaster beaches and crystal-clear waters dotted with coral reefs. Here, relaxation finds diverse settings at seven sparkling main pools including the zero-entry Manor pool with its towering swim-up pool bar. There is also the resort's best-kept secret...a hidden pool, tucked in the dense shade of botanical gardens. When you desire indulgence, step into another kind of exotic oasis offered by Red Lane® Spa. And if you are looking for excitement, test your limits at the sports center with extreme sports such as a rock climbing wall or enjoy more traditional games such as tennis and the elite challenges of golf at nearby Sandals Golf & Country Club. This expansive resort includes every possible definition of pleasure and then some.

Sandals Grande Ocho Rios offers groups a choice of the Beachfront Riviera, built between exotic botanical gardens and the Caribbean Sea, or the hillside Manor Villas that are tucked into the lush hillsides of Ocho Rios, the 244 Manor Villas with their 93 private and semi-private pools offer a unique blend of privileged seclusion and unparalleled luxury. Here it is possible to be one with nature and at piece with yourself. Experience the quiet bliss of standing on your balcony as hummingbirds dance just a few feet away. Relax beside your private pool, hidden from the world surrounded by paw paw trees and countless species of butterflies. The splendid villas are the ultimate reward for your top achievers, or conference participants.

Whether you are planning a weekend meeting, a conference or rewarding your team with an unforgettable incentive trip, treat them to the ultimate indulgence — Sandals Grande Ocho Rios Beach & Villa Resort.
