Welcome to Kimono's You're Journey has just started

Follow the tantalizing aroma of exotic spices and perfectly grilled delights to Kimonos, a vibrant restaurant that serves up the exotic cuisine of the Far East in a most captivating manner. Kimono's boasts mouthwatering cuisine prepared by skillful chefs who entertain with tricks while cooking on an iron, flat surface grill in front of their guests' eyes. You never know what new tricks and treats the chefs have up their sleeves, whether it be juggling cooking utensils, flipping a shrimp tail into their shirt pocket, or catching a shitake mushroom in their hat! Choose from entrees that incorporate teriyaki beef, ginger-infused chicken, and peppery shrimp or enjoy a diverse salad selection, soups, or beef gyozas. Only at Kimonos eating is only half the fun.
