## NETHERLANDS

### **GROLSCH PALE LAGER • ABV 5%**

One of the world's oldest beer brands, dating back to 1615. Grolsch lager is triple cold filtered, brewed using only European Spring Barley, Hallertau hops, proprietary yeast and treated well water. The product is smoother, lighter and less bitter.

### **ANCHOR STEAM CALIFORNIA COMMON • ABV 4.9%**

Deep amber color, thick, creamy head, and rich, distinctive flavor due to a historic brewing process like none other. A blend of pale and caramel malts, fermentation with lager yeast at warmer ale temperatures in shallow open-air fermenters, and gentle carbonation in our cellars through an all-natural process called kräusening.

### **BLUE MOON WITBIER • ABV 5.4%**

Inspired by the flavorful Belgian Wits, Blue Moon is brewed using Valencia orange peel, for a subtle sweetness along with a touch of coriander to provide balance. The brew master also adds oats and wheat to create a smooth, creamy finish that's inviting to the palate.

### **SAM ADAMS BOSTON LAGER AMBER LAGER • ABV 4.9%**

The fundamental characteristics of a great beer: offering a full, rich flavor that is both balanced and complex. Brewed using a decoction mash — a time consuming, traditional four vessel brewing process discarded by many contemporary brewers. This process brings forth a rich sweetness from the malt that makes it well worth the effort.
